57. Setting Online Policy With Software Defaults, with R. Shah, Information, Communication,

60. Running Code as Part of an Open Standards Policy, with R. Shah, First Monday, vol. 14, no. 6, 1 June 2009.

BOOKS:

   This is a unique and first-of-its-kind casebook that deals with all the legal, intellectual property problems faced by firms of all sizes from a start-up to a publicly traded company. Unlike all other IP books, that only address the acquisition and enforcement of IP rights, this casebook deals with all the transactional and commercial legal issues related to IP.

As intellectual property is increasingly being taken by law students with an interest in private law, there are introduction to intellectual property survey courses being offered by most law schools. This casebook by West is designed to address that need.
