# Engineering Hall 406B8

## Turning the System On

- Press the [POWER] button on the projector remote.
- Locate the screen toggle switch next to the light switches and lower the projector screen by switching the toggle to the down position.

**Note: The system must be turned on before sources can be selected.**

## Using the Resident PC

- Make sure Duplicate is selected by pressing and holding the [WINDOWS] key and tapping the [P] key on the resident PC.
- To send PC video to projector, press the [SEARCH] button on the projector remote.

## Turning the System Off

- Press the [POWER] button on the projector remote. It will take a minute or two to cool off and shutdown.
- Locate the screen toggle switch next to the light switches and raise the projector screen by switching the toggle to the up position.
