MSEB 205A

Turning the System On

- Press the [POWER] button on the projector remote.

Using a Laptop

- Connect your laptop to the free end of the VGA cable not connected to the input panel.
- If laptop is not already displaying, press the [SOURCE] button on the projector remote to select the appropriate input.

Note: Depending on your laptop model, you may need an adapter. Adapters can be borrowed on short term loan (4hrs.) from an Engineering IT Help Desk.

Note: The input panel on this system has two VGA ports. One is labeled COMPUTER INPUT and the other is labeled MONITOR OUTPUT. Ensure the VGA cable is plugged into the COMPUTER INPUT port.

Turning the System Off

- Press the [POWER] button twice on the projector remote. It will take a minute or two to cool off and shutdown.
