

NCEB 2218

Turning the System On

- Press the **[POWER]** button on the projector remote or the TV remote.

Using a Laptop with Projector

- Connect your laptop to the end of the VGA cable on the table labeled projector.
- Select the **[COMPUTER]** button on the projector remote.

Note: Depending on your laptop model, you may need an adapter. Adapters can be borrowed on short term loan (4hrs.) from an Engineering IT Help Desk.

Note: There is only a VGA connection for the projector.

Using a Laptop with TV

- Connect your laptop to the end of the HDMI or VGA cable on the table.
- Select the **[INPUT]** button on the TV remote to choose the appropriate input channel.

Note: Depending on your laptop model, you may need an adapter. Adapters can be borrowed on short term loan (4hrs.) from an Engineering IT Help Desk.

Turning the System Off

- Press the **[POWER]** button once on the TV remote.
- Press the **[POWER]** button twice on the projector remote. It will take a minute or two to cool off and shutdown.
