

NCPD 1221

Turning the System On

- Press the **[ON]** button on the control panel.
- The displays will turn on. You may now select a source.

Note: The system must be turned on before sources can be selected.

Using a Laptop

- Connect your laptop to the free end of the VGA cable or the HDMI cable on the table.
- Select the **[HDMI]** or **[VGA]** button on the control panel corresponding to the cable used to connect the laptop.

Control Panel

Using the Blu ray Player (Not sure if it is in the room)

- If Blu ray is not already selected, press the **[Blu ray]** button on the control panel.
- Insert your DVD/Blu ray into the player and use the controls on the control panel to play your media.

Turning the System Off

- Press the **[OFF]** button on the control panel.
- The displays will turn off.
