Turning the System On

- Press the **[POWER]** button on the projector remote.

Using the Resident PC

- If the resident PC is not already selected, press the **[INPUT]** button on the projector remote and choose the appropriate input channel.

Turning the System Off

- Press the **[POWER]** button twice on the projector remote. It will take a minute or two to cool off and shutdown.

Using a Laptop with TV

- Connect your laptop to the end of the VGA or HDMI cable not connected to the TV.
- Press the **[SOURCE]** button on the TV remote and select the appropriate input.

Note: Depending on your laptop model, you may need an adapter. Adapters can be borrowed on short term loan (4hrs.) from an Engineering IT Help Desk.
