

Siebel Center 2244

Turning the System On

- Press the **[OK]** button once.
- You will now be asked to choose a source that you would like to use, and select a source to have the projector and display turn on

Note: The system must be turned on before sources can be selected.

Using the Brio Presenter

- If the Brio Presenter is not already selected, press the **[Wireless]** button on the control panel.
- To connect your device to the Brio, follow the instructions presented on the screen.

Using a Laptop

- Connect your laptop to the end of the HDMI or VGA cable that is not connected to the input panel.
- Select the **[Credenza]** or **[Table Inputs]** button on the control panel, then select either **[HDMI]** or **[VGA]** buttons corresponding to the cable used to connect the laptop.

Note: Depending on your laptop model, you may need an adapter. Adapters can be borrowed on short term loan (4hrs.) from an Engineering IT Help Desk.

Turning the System Off

- Press the **[Off]** button once.
- The buttons will flash for 30-90 seconds as the system shuts down.
