Dear Colleagues:

Thank you for agreeing to serve on the Engineering at Illinois IT Governance Executive Advisory Committee for the academic year 2017-2018. This committee is critical to helping ensure that all IT support provided to faculty, students, and staff in the College is of the highest quality and reliability.

This committee has the following functions:
• Coordinate the activities of the Administrative, Education, and Research Working Groups.
• Integrate the strategic output of the Administrative, Education, and Research Working Groups.
• Monitor, provide feedback, and report on the progress of work to align Engineering IT services with campus-level IT services.
• Provide feedback on the utilization of Engineering IT resources.
• Provide feedback on any IT related policies that may be required within the College.
• Maintain active input and feedback channels for individuals and units in the College.
• Coordinate an annual assessment of Engineering IT's performance, service catalog, and general alignment to the College's missions.
• Maintain active connections to the campus IT Governance structures.

Professor Indy Gupta has graciously agreed to help this committee in an "At Large" capacity.

Tami Fazio will be in contact with you soon to arrange for our first meeting. I am thankful to all of you for your willingness to contribute to this most important work for our College.

Sincerely,

Roy H Campbell
Associate Dean for Information Technology
