

Join Intel for a Tech Talk

SOFTWARE at a hardware company

Presented by Robert (Bob) Knight
Principal Engineer and UIUC Alum

Date: Tuesday, September 10
Time: 7:00 p.m. – 8:00 p.m.
Location: 151 Everitt Lab

Samsung Galaxy Tab® 3

Dinner provided - Bring resume

Robert (Bob) Knight is a Principal Engineer in the Software and Services Group and has been with Intel for 18 years. He is an EE graduate from the University of Illinois – Urbana Champaign. Bob will describe Intel's push into mobile devices, his team's charter with developing power and performance analysis tools for these platforms, and what it is like to work on software at a hardware company.
