Declaration of Elective Option

Department of Physics

Student's Name:	UIN			
Student's UIUC email:	College (circle o	one):	LAS	ENG
	AS Science and Letters or Engineering Physics program e official list of elective options for your program is ava			to
LAS Science and Letters: Engineering Physics:	https://physics.illinois.edu/academics/undergraduatehttps://physics/undergraduatehttps://physics/undergraduatehttps://phys			
Advisor's signature and then t	the official list, fill out this form and bring it to 290W Locake the form to your college's office. Please include the nester you plan to take (or have taken) the course.			
Declaration of an option from	the official list. Option is			
your program. Fill out this for proposed custom option. Plea to take (or have taken) the co the form to your college's offi	option, this must be done in consultation with the acacem and contact the academic advisor for an appointment are include the course name, number, hours and which the urse. After having received the signature of the acader ce. On. Name of proposed option is	nt to go ov semester mic adviso	ver yo r you p	ur olan
Proposed schedule for course	s in your option (please include courses you've already	taken):		
Course rubric (e.g. PHYS 460)	Course name	Hours	Sem	ester
		<u> </u>		
		<u> </u>		
	Total hours			
Acadomic advicor's approval o	of elective ention			
Academic advisor's approval c	Merissa Milton			
	290W Loomis Laboratory of Phys	ics		

Notes:

- For students in Engineering Physics, you are automatically placed into the Professional Physics option. Engineering Physics students wishing to stay in the Professional option do not need to submit this form.
- All LAS Science and Letters students must submit this form and declare an elective option.
- LAS Specialized and LAS Teaching Option students do not declare an elective option.
- This form can be downloaded from https://physics.illinois.edu/academics/undergraduates/ Declaration%20of%20Elective%20Option.pdf
