For international students only (check all that applies to you)- Questions about CPT? Contact ISSS:

- I have an F-1 status (students with other visa statuses cannot apply for CPT)
- My internship is in the United States
- I understand my F-1 visa will be terminated if I am not registered for ENG 310 while doing an Internship
- I understand it is my responsibility to register in the correct section of ENG 310
- I understand that ISSS must approve my CPT work authorization. I must apply for this work authorization via [iSTART](#) and have an approved CPT I-20 in hand *before* I start working. Working without authorization is an immigration violation and will result in the termination of my F-1 status.

Write a few sentences about how this internship is relevant to the engineering degree you are pursuing and aligns with skills learned in class. Also list classes that you have taken that are relevant for the internship.
