

Nuclear, Plasma, and Radiological Engineering: Radiological, Medical & Instrumentation Applications, BS, Curriculum Map

Students should use this curriculum map as a guide to have a more informed discussion with the departmental academic advisor when selecting courses. Students not taking courses as advised may result in a delayed graduation date.

<i>First Year</i>		<i>Second Year</i>		<i>Third Year</i>		<i>Fourth Year</i>	
16-17 hrs NPRE 100 (1)	16-17 hrs CS 101 (3) ⁵	17 hrs NPRE 200 (2)	15 hrs NPRE 247 (3)	17 hrs NPRE 321 (3) ⁹	15 hrs NPRE 349 (2)	17 hrs NPRE 330 (3) ⁹	14 hrs NPRE 441 (4)
MATH 221 (4) ¹	MATH 231 (3)	MATH 241 (4)	MATH 285 (3)	MATH 257 (3)	NPRE 451 (3)	NPRE 435 (3)	NPRE 458 (4)
ENG 100 (1) ²	PHYS 211 (4)	PHYS 212 (4)	ME 200 (3)	NPRE 445 (4)	NPRE 455 (4)	NPRE 449 (3)	Tech Elect (3) ¹⁰
RHET 105 (4) ^{3,4}	Free Elect (3) ^{3,6}	TAM 210 (2) ⁷	TAM 212 (3) ⁸	TAM 335 or ME 310 (4)	ECE 205 (3)	NPRE 452 (2)	Tech Elect (3) ¹⁰
CHEM 102 (3)	Gen Ed Elect (3) ⁴	Gen Ed Elect (3) ⁴	Free Elect (3) ⁶	Gen Ed Elect (3) ⁴	Tech Elect (3) ¹⁰	Tech Elect (3) ¹⁰	
CHEM 103 (1)		Free Elect (2) ⁶				Free Elect (3) ⁶	
Gen Ed Elect (3) ⁴							

¹MATH 220 may be substituted. MATH 220 is appropriate for students with no background in calculus. 4 of 5 credit hours count towards the degree.

²External transfer students take ENG 300.

³RHET 105 (or an alternative Composition I sequence) is taken either in the first or second semester of the first year, according to the student's UIN (Spring if UIN is Odd). A course for free elective is taken the other semester. Composition I guidelines can be found at <http://catalog.illinois.edu/general-information/degree-general-education-requirements/> under Written Communication Requirement.

⁴General education: Students must complete the Campus General Education requirements including the campus general education language requirement. One of the SBS courses must be an introductory economics course (ECON 102 or ECON 103). NPRE 481 will satisfy a technical elective requirement in the Professional Concentration Area and the Campus General Education Advanced Composition requirement.

⁵CS 124 may be taken instead of CS 101 for students interested in pursuing the CS minor.

⁶Additional coursework, subject to the Grainger College of Engineering restrictions to Free Electives, so that there are at least 128 credit hours earned toward the degree (go.grainger.illinois.edu/FreeElectives).

⁷TAM 211 may be taken instead of TAM 210. The extra hour may be applied towards the Professional Concentration Area electives.

⁸PHYS 325 may be taken instead of TAM 212 for students pursuing the PHYS minor.

⁹Both NPRE 321 and NPRE 330 are required courses. The order of fall semester in which they are taken is flexible.

¹⁰Students choose technical electives based on a departmentally approved list of courses. See (<http://catalog.illinois.edu/undergraduate/engineering/nuclear-plasma-radiological-engineering-bs/radiological-engineering-radiological-medical-instrumentation-applications/#degreerequirementstext>) for the technical elective list.
