

Leadership Collection - VAT and REAL

We are pleased to offer two self-assessment tools as part of the NCPRE Leadership Collection.

1. Value Assessment Tool, or VAT

What are your professional values? Professional values are usually the critical factors determining satisfaction and dissatisfaction with any particular job. We identify and clarify our professional values as we mature and gain experience.

2. REflection for Academic Leaders, or REAL

This tool is designed to help you reflect on leadership behaviors and strategies important for your development and success as an academic leader. This is not an assessment; it is designed for your own personal development, to help you focus on areas for personal and professional growth.
