## Physics

GRAINGER COLLEGE OF ENGINEERING

2024 Illinois Physics REU Program  
physics.illinois.edu/research/reu/  
REU Contact: reu@physics.illinois.edu  
Deadline to Apply: January 26th, 2024

## 2024 PHYSICS RESEARCH EXPERIENCE FOR UNDERGRADUATES (REU)

2024 REU Projects are available in the following disciplines:

AMO Physics & Quantum Information  
Astrophysics, Gravitation, Cosmology  
Condensed Matter Physics  
High Energy/Nuclear Physics  
Biological Physics

More Info

Conduct world-class Physics research while building professional skills in research ethics and scientific communication, networking with peers and visiting world class research institutions (UIUC/Fermilab/Argonne).

### ELIGIBILITY

Currently enrolled in an undergraduate physics program or related field; completed at least 4 semesters by June 2024 of physics with an average technical (math/physics) GPA of 3.0/4.0.

### PROGRAM DETAILS

**Dates:** May 27 - August 2, 2024

**Location:** Physics Department at the University of Illinois at Urbana-Champaign

**Compensation:** \$6,000, plus housing, travel to/from program, and many other benefits!

*We especially encourage those with limited access to research, community college students, people with disabilities, and those from groups underrepresented in STEM to apply.*

The REU summer site program is supported by the National Science Foundation, grant PHY-2244433.
