

Community, Opportunity, and Engagement: Mission and Strategic Plan

Department of Bioengineering
University of Illinois Urbana-Champaign

Our Vision

Our Vision is to provide opportunity for all individuals in the Department of Bioengineering to flourish. We achieve this by our dedicated efforts:

- To uphold a collaborative environment.
- Celebrate the unique backgrounds of our students, faculty, and staff.
- Encourage a climate of civility, sensitivity, and mutual respect.
- Promote a culture of excellence so individuals from all backgrounds and perspectives may succeed.

Core Values

The Department of Bioengineering at The Grainger College of Engineering, University of Illinois Urbana-Champaign is dedicated to the integration of groups of different backgrounds and life experiences toward a common goal of advancing biotechnology and improving the human condition. By enhancing our experiences socially, we simultaneously enhance our intellectual innovation.

Our strategic plan aligns with campus and college efforts in pursuing excellence to ensure and enhance our commitment to students, staff, and faculty in the department.

Dedicated Effort to Successful Education

We strive to:

- Provide access to a positive learning environment.
- Enable students to pursue positions in bioengineering, encompassing academia, industry, government, or professional organizations.
- Develop a platform for professional advancement of all groups.
- Welcome undergraduate students, graduate students, and postdoctoral researchers.
- Showcase how our community provides enriching perspectives to develop creative solutions to real world challenges.
