

Biological Safety Awareness Certification

University of Illinois at Urbana-Champaign (UIUC)

The Occupational Safety and Health Administration (OSHA) requires that employees be made aware of the biological hazards at their place of employment.

After reading the [DRS Biosafety Fact Sheets](#) and [MNTL BioNano Lab Standard Operating Procedures](#), please complete and return this form to MNTL Nanobio Training Coordinator during your training. By signing below you acknowledge that you are aware of the UIUC Biological Safety Program and the policies and procedures applicable to your work at MNTL. Your supervisor will provide additional information and training as appropriate.
