1:00 Steel

1:30 Project Management Role

2:00 Drive to DKC-2190 S. Lincoln Ave. Urbana, IL

2:30 Site Visit

---

**Company Name:** Atlas Engineering Group, Ltd

**Location:** 710 Estate Drive

**City:** Deerfield

**State:** IL

**Zip:** 60015

**Specializations:** Construction Engineering & Management, Structural Engineering,

Transportation Engineering

**Days and # of student slots available:**

- **Wednesday, March 18:** 10

**Lunch provided to students?:** Yes

**Dress code, check-in procedure, & the required PPE:** Business Casual

**Student start and end times:** 9:00 a.m. – 1:00 p.m. (including lunch)

**Activities and experiences student(s) will have during job shadow:** We will have a presentation about Atlas and the services we provide. We will give the students the chance to rotate through the civil, structural, construction management, traffic and survey groups to

experience hands on the projects we work on and on the systems we use. Then we will share lunch with the students and engineers.

---

**Company Name:** ATMI Precast

**Location:** 960 Ridgeway Avenue

**City:** Aurora

**State:** IL

**Zip:** 60506

**Specializations:** Construction Engineering & Management, Structural Engineering

**Days and # of student slots available:**

- **Monday, March 16:** 10
- **Wednesday, March 18:** 10
- **Friday, March 20:** 10

**Lunch provided to students?:** Yes

**Dress code, check-in procedure, & the required PPE:** Business Casual - dress appropriately for a plant tour; No PPE required

**Student start and end times:** 9:00 a.m. – 3:00 p.m.

**Activities and experiences student(s) will have during job shadow:** Plant Tour, Tekla Training, Job Shadow

---

**Company Name:** Benesch (#1)

**Location:** 35 W Wacker Drive, Suite 3300

**City:** Chicago

**State:** IL

**Zip:** 60601

**Specializations:** Structural Engineering

**Days and # of student slots available:**

- **Thursday, March 19:** 2

**Lunch provided to students?:** Yes

**Dress code, check-in procedure, & the required PPE:** Business casual, check in at the security desk in the lobby, no PPE required

**Student start and end times:** 10:00 a.m. – 1:00 p.m.

**Activities and experiences student(s) will have during job shadow:** Shadow structural designers to see what a day in the life of a structural engineer looks like. We'll then have a group lunch to answer any questions the students may have.

---

**Company Name:** Benesch (#2)  
**Location:** 35 W Wacker Drive, Suite 3300  
**City:** Chicago  
**State:** IL  
**Zip:** 60601

**Specializations:** Transportation Engineering

**Days and # of student slots available:**

- **Thursday, March 19:** 2

**Lunch provided to students?:** Yes

**Dress code, check-in procedure, & the required PPE:** Business casual, check in at the security desk in the lobby, no PPE required

**Student start and end times:** 10:00 a.m. – 1:00 p.m.

**Activities and experiences student(s) will have during job shadow:** Shadow civil transportation designers to see what a day in the life of a transportation engineer looks like. We'll then have a group lunch to answer any questions the students may have.

---

**Company Name:** Collins Engineers, Inc. (#1)  
**Location:** 550 West Jackson Boulevard Suite 1200  
**City:** Chicago  
**State:** IL  
**Zip:** 60661

**Specializations:** Construction Engineering & Management, Geotechnical Engineering, Sustainable & Resilient Infrastructure Systems, Transportation Engineering, Water Resources Engineering & Science

**Days and # of student slots available:**

- **Monday, March 16:** 20

**Lunch provided to students?:** Yes

**Dress code, check-in procedure, & the required PPE:** no dress code, check in at door with receptionist in lobby, steel-toe boots required for site visit day

**Student start and end times:** 12:00 p.m. – 2:00 p.m.

**Activities and experiences student(s) will have during job shadow:** Lunch, presentations, learning about discipline groups, site visits: The students would arrive around 11:30am-12pm and receive a tour of our head office, a lunch, and a presentation about the company and our primary discipline groups that operate out of there (Structural, CM, Inspection, Civil/Water, and Infrastructure Management/"Urban Planning"). They could then hang around for a bit and meet the staff in the office that day.

---

**Company Name:** Collins Engineers, Inc. (#2)

**Location:** 2512 Wisconsin Ave Downers Grove

**City:** Downers Grove

**State:** IL

**Zip:** 60515

**Specializations:** Construction Engineering & Management, Geotechnical Engineering, Structural Engineering, Transportation Engineering

**Days and # of student slots available:**

- **Wednesday, March 18:** 12

**Lunch provided to students?:** Yes

**Dress code, check-in procedure, & the required PPE:** Please bring steel-toed work boots for potential site visit, check in at the front door

**Activities and experiences student(s) will have during job shadow:** Lunch, presentations, learning about discipline groups, site visits: The students would arrive around 11:30am-12pm and receive a tour of our satellite office, a lunch, and a presentation about the company and three of our discipline groups which operate out of there (Structural/Geotech, CM, Inspection). Weather and client permitting, they would then be taken on a site tour of various nearby construction projects Collins is involved in (I-294, I-290, I-88 Interchange Construction and I-490 by O'Hare, both Walsh Construction Jobs).

---

**Company Name:** PARADIGM Structural Engineers

**Location:** 425 S. Financial Place, Suite 2930

**City:** Chicago

**State:** IL

**Zip:** 60605

**Specializations:** Structural Engineering

**Days and # of student slots available:**

- **Wednesday, March 18:** 6

**Lunch provided to students?:** Yes

**Dress code, check-in procedure, & the required PPE:** Business casual (jeans are ok), no PPE required, check in at building security desk with ID and students will be directed to our office.

**Student start and end times:** 10:00 a.m. – 2:00 p.m.

**Activities and experiences student(s) will have during job shadow:** Structural design - insight into real projects and what structural design engineers do on a day to day basis.

---

**Company Name:** Scurto Cement Construction

**Location:** 389 Sola Drive

**City:** Gilberts

**State:** IL

**Zip:** 60136

**Specializations:** Construction Engineering & Management, Specialty Concrete Contractor (AI/Data, Logistics, and Fulfillment Centers)

**Days and # of student slots available:**

- **Wednesday, March 18:** 5

**Lunch provided to students?:** Yes

**Dress code, check-in procedure, & the required PPE:** Business casual, arrive at our offices and we will provide all PPE.

**Student start and end times:** 10:00 a.m. – 3:00 p.m.

**Activities and experiences student(s) will have during job shadow:** Students will begin their visit with a warm welcome, an introduction to our office team, and a brief overview of who we are and the types of projects we build. Before heading into the field, they'll receive a short safety orientation to prepare them for the jobsite experience. The day continues with an inside look at project management. Students will learn what a project manager does on a daily basis and review a real project file, including submittals, RFIs, and schedules. They will then spend time with our estimating team to see how an estimate is built and how it eventually becomes an active project. Throughout the visit, there will be opportunities for open Q&A and career discussion, allowing students to learn about different roles, career paths, and opportunities in the construction industry. Students will then travel to an active jobsite, receive PPE, and complete a jobsite-specific safety orientation. A superintendent will lead a guided tour of the project, where students can see slab and foundation work, layout tools, and construction equipment up close. They'll learn how field teams coordinate work, maintain safety, and make real-time decisions to keep a project moving.

---

**Company Name:** Barr Engineering Co.

**Location:** 4300 MarketPointe Drive, Suite 200

**City:** Minneapolis

**State:** MN

**Zip:** 55435

**Specializations:** Geotechnical Engineering, Water Resources Engineering & Science

**Days and # of student slots available:**

- **Wednesday, March 18:** 2

**Lunch provided to students?:** Yes

**Dress code, check-in procedure, & the required PPE:** Business casual

**Student start and end times:** 9:00 a.m. – 5:00 p.m.

**Activities and experiences student(s) will have during job shadow:** We are still working on

the schedule, but we were thinking a job shadow in the office in the morning, lunch with key people and hosts in the afternoon followed by a possible job site visit in the afternoon.

---

**Company Name:** RTM Engineering Consultants

**Location:** 1933 N Meacham Road

**City:** Schaumburg

**State:** IL

**Zip:** 60173

**Specializations:** Construction Engineering & Management, Energy-Water-Environmental Sustainability, Water Resources Engineering & Science

**Days and # of student slots available:**

- **Monday, March 16:** 3
- **Tuesday, March 17:** 3
- **Wednesday, March 18:** 3
- **Thursday, March 19:** 3

**Lunch provided to students?:** Yes

**Dress code, check-in procedure, & the required PPE:** Business Casual - Jeans ok

**Student start and end times:** 9:00 a.m. – 4:00 p.m.

**Activities and experiences student(s) will have during job shadow:** Shadowing engineers in real-time, design and plan production of land development projects across the country. Tasks that our engineers may be working on include zoning/code research, site development, utility & storm drain division, grading plans, stormwater management & BMP, design, erosion and sediment environmental practices & specification writing.

---

**Company Name:** HDR Inc - Rosemont

**Location:** 9450 Bryn Mawr Ave (Columbia Center II Bldg) Suite 400

**City:** Rosemont

**State:** IL

**Zip:** 60018

**Specializations:** Construction & Engineering Management, Environmental Engineering, Structural Engineering, Transportation Engineering, Water Resources Engineering & Science

**Days and # of student slots available:**

- **Tuesday, March 17:** 2
- **Wednesday, March 18:** 2

**Lunch provided to students?:** Yes

**Dress code, check-in procedure, & the required PPE:** Business Casual

**Student start and end times:** 10:00 a.m. – 2:00 p.m.

**Activities and experiences student(s) will have during job shadow:** Talking with and

shadowing bridge (highway and railway) designers as well as track designers. Having lunch with young professionals in the bridge and/or track fields. Seeing what these designers do daily and understanding more about the transportation industry. Interactions can be tailored to highway bridge, railway bridge and track based on student's interests.

---

**Company Name:** John Burns

**Location:** 999 Oakmont Plaza

**City:** Westmont

**State:** IL

**Zip:** 60559

**Specializations:** Construction Engineering Management

**Days and # of student slots available:**

- **Friday, March 20:** 4

**Lunch provided to students?:** Yes

**Dress code, check-in procedure, & the required PPE:** Jeans, Tshirt/Sweatshirt, Closed toe Boots, PPE will be provided.

**Student start and end times:** 8:00 a.m. – 3:00 p.m.

**Activities and experiences student(s) will have during job shadow:** Safety

Orientation/Information Session, Quality Orientation/Information Session, Jobsite Visits (1-3 depending on time), and Company Overview.

---

**Company Name:** BFW Engineering & Consulting

**Location:** 907 Arrow Road, Suite 2

**City:** Champaign

**State:** IL

**Zip:** 61821

**Specializations:** Structural Engineering

**Days and # of student slots available:**

- **Tuesday, March 17:** 4
- **Wednesday, March 18:** 4

**Lunch provided to students?:** Yes

**Dress code, check-in procedure, & the required PPE:** Business Casual, email check-in, no PPE required

**Student start and end times:** 9:00 a.m. – 2:00 p.m.

**Activities and experiences student(s) will have during job shadow:** Visual presentations of our software and example projects that we have worked on. Open discussion to answer any and all questions about our company and structural engineering in general.

---

**Company Name:** Skender LLC

**Location:** 1330 W Fulton St, Suite 200

**City:** Chicago

**State:** IL

**Zip:** 60607

**Specializations:** Construction Engineering & Management, Construction Materials, Environmental Engineering, Structural Engineering

**Days and # of student slots available:**

- **Thursday, March 19:** 10

**Lunch provided to students?:** Yes

**Dress code, check-in procedure, & the required PPE:** Our office is business causal, jeans and closed toed shoes are preferred. Students are welcomed to bring work boots, as we will visit a jobsite. Attendees will check in at the front desk of our lobby with their student ID then given access to our floor. If students have hard hats, safety vest and glasses they are more than welcome to bring their equipment. If not, no worries at all we will provide PPE. We only ask they provide their vest size.

**Student start and end times:** 9:00 a.m. – 3:00 or 3:30 p.m.

**Activities and experiences student(s) will have during job shadow:** Step into the world of construction with Skender's immersive Job Shadow Day! Skender is a general contractor, headquartered in Chicago, with a rapidly growing location in Indiana. We're builders! Yes, we build everything from sleek corporate interiors to complex ground-up projects, but we also build communities, relationships and careers. This event gives students a behind-the-scenes look at how real projects come to life. This experience is designed to give students a true, up-close look at how the industry works and where their future could fit inside. Students will meet at our Chicago location to kick off the day with a warm welcome and introduction from our Chief People Officer, Lisa Latronico. From there, we'll take a quick journey through Skender's history and how we've grown into one of the city's most forward-thinking builders. Next, we will have an interactive panel. We'll hear from Skender professionals across different roles, each offering honest insight into their career paths, the skills that helped them succeed, and the exciting direction construction is heading. This panel is built for engagement, students are encouraged to ask questions, spark conversation, and steer the dialogue toward what matters most to them. Afterward, everyone will enjoy a complimentary lunch and be given the opportunity to mix, mingle, and build real connections with other attendees and Skender team members. Following lunch, we'll also provide a tour of our office so students can get a feel for where our teams collaborate and work each day. The adventure continues as we soak in the city views on a coach bus ride to one of our active jobsites in downtown Chicago! Students get a rare behind-the-scenes tour, see a project in motion, and have dedicated time to ask questions on site. We'll wrap up back at Skender headquarters with a final thank you and closing remarks. Whether you're curious about construction or seriously exploring career options, this Job Shadow Day gives a real-world look at the industry and meaningful face time with the professionals who bring it to life. It's a great chance to see how

your future career could take shape. We hope you'll join us for an inspiring and eye-opening day!

---

**Company Name:** Missouri Department of Transportation - Southeast District

**Location:** West Star Aviation, 1390 State Hwy H.

**City:** Perryville

**State:** MO

**Zip:** 63775

**Specializations:** Construction Engineering & Management, Construction Materials, Geotechnical Engineering, Structural Engineering, Transportation Engineering

**Days and # of student slots available:**

- **Tuesday, March 17:** 10
- **Thursday, March 19:** 10

**Lunch provided to students?:** No

**Dress code, check-in procedure, & the required PPE:** Casual attire, long pants or blue jeans are acceptable. No shorts. Must have sturdy footwear, preferably work boots. No tennis shoes, sneakers, or open toed shoes. MoDOT will provide hard hat & safety glasses.

**Student start and end times:** 10:00 a.m. – 3:00 p.m.

**Activities and experiences student(s) will have during job shadow:** Join Trotter and Associates, Inc. for a Spring Shadow Day focused on real-world engineering and career development. This event is designed to give engineering students an in-depth look at how sustainable municipal infrastructure is planned, designed, and constructed. The agenda will include staff presentations, office tours, and visits to some of TAI's active project sites, connecting classroom learning with real-world impact. Participating in the Shadow Day is also the first step toward TAI's highly sought-after internship program. The summer internship program serves as a three-month interview opportunity and is the primary pathway to full-time employment for entry-level engineers. Students will have the chance to meet recent graduates and learn about the projects they are currently working on. The event will take place on MONDAY, MARCH 16th from 10 AM to 3 PM. Lunch will be provided. Trotter and Associates, Inc. 40W201 Wasco Road, Suite D St. Charles, IL 60175
