

Grainger College of Engineering

Department of Nuclear, Plasma, and Radiological Engineering Course Registration Approval

All NPRE students are to discuss their course plans with their advisor each semester to ensure that they are making successful degree progress. **Registration holds are placed on all students.** For a hold to be removed, students are to have their faculty advisor sign this form and are then to return it to Student Services, 219 Talbot Laboratory. In addition, undergraduates are required to formally declare their professional concentration before the junior year.

Student: _____ Semester / Year: _____
